# TURK BOAT SINKS 100 BRITISH LOST

English Transport Fired On by Turk Destroyer, Latter Sunk, Loss of Men Unexplained -- Battle in Carpathians Interrupted By Warm Weather-England Speeding Up Munition Factories and Considering Drink Question.

(BY ASSOCIATED PRESS.)

LONDON, April 17 .- A Turkish torpede boat, which attempted to interfere with the preparations for the resumption of opera- attempts are being tions against the Dardanelles, Asia Minor, by attacking a British transport, was driven ashore and destroyed by the British cruiser tached to the submarine, but was Minerva and British torpedo boat destroyers."

The official statement says three torpedoes were fired at the was clowly being brought to the transport and missed the mark, but a hundred men from the trans- of air pressure. Diese critic assist port were drowned. How this occurred wil out the transport being struck is not explained, as particulars were not received.

It is learned unofficially that warships have been attacking the forts of the Gallipole Peninsula, while the Turkish reports say the attacks were made on the Dardanelles from the outer entrance.

Spring weather, which has given aviators a chance, has almost stopped the battle in the Carpathians. The Russians are still attacking in the neighborhood of the Uzok Pass, but with snows melting nothing of importance can be accomplished.

The same conditions are interefering with the Austro-German outflanking movement in the direction of Stry.

Attempts of the Russians southwest of the Lupkow Pass indicate that they are trying to get in the rear of the army defending the Uzok Pass, which they are unable to take from the north.

In the west the attacks are at widely separated points along the French front, but the French seem to be satisfied for the moment with advances made in Alsace, Woevre, Argonne, Champagne and North Arras, which British military critics believe proves that the allies can advance when they desire. It is reported that an Austrian patrol recently passed through Italian border territory, ignoring the protests of the customs officers.

The liquor question problem and the increasing production of Howard had been asked for a re Treasury John Stytton Styton Stytton Stytion Styling Styli munitions is expected to be considered next week. Committees now part and annual racked the average and the work of the armanican accuries. A constess, and report what he found of the famous Riess National Bank and the treasury. number of these plants have been taken over by the government. in some cases municipal employes have been commandeered to work in munition plants. It is said an agreement on the scope of MANY PUMPING PLANTS liquor restrictions has been reached between the government and the opposition.

A Petrograd official report savs Emperor Nicholas has left for front.

An Austrian statement says: "Owing to the possibility that the war may last a long time, in order to secure necessary reserves, all untrained landsturm men between the ages of eighteen and fifty are hereafter liable to military service."

# COUNTY JUDGES WILL TAKE UP TAX STEAL

Vice President Northwest Texas County Judges' Association Issues Call for Meeting in Amarillo-Consideration of Tax Holdup to Be Main Topic-Prominent Texans to Address Convention on All-Absorbing Tax Question.

In line with the Daily News' recent exposure of the tax robbery systematically carried on by some seventy counties of Texas at the expense of some hundred and sixty other counties, Judge W. B. Lewis, vice president of the Northwest Texas County Judges' Association, issued a call for a meeting of that organization in Amarillo, Friday and Saturday, April 23 and 24. At this convention the Tax Holdup will be given proper attention, and in all probability steps will be taken to secure desired relief.

In order that our readers may have an idea how thoroughly Judge Lewis grasps the seriousness of the situation we here reproduce the introduction of his convention call:

"Owing to the vast importance of meeting before the Legislature convenes and having been requested by the majority of judges in this Association, I have taken the liberty to change the date of meeting to Friday and Saturday, April 23 and 24. Remember this date and change.

"Since it has now become generally known that the counties comprising this association have been and are now being robbed by the State by the way of unjust taxation, and since some counties have taken the initiative to reduce their rendition, it is apparent upon its face that if we do not do something at once, that we will be robbed still more than ever. We owe it to ourselves and our county to post ourselves on the true condition if possible and get relief from our legislature, and in case of failure there, then it is up to us to do the only thing that is left for us to do and to do this in the proper

"I am sure that no one in this part of the state would object, but would really be in favor of Northwest Texas paying its proper portion of the State tax, but no more.

"I have secured the promise of Hon. A. L. Love, former tax commissioner, who will be with us as our guest, and will deliver an address upon the injustice of our present tax system. He is probably the best posted man in Texas upon this subject. He will also answer all questions proposeded to him, Judge Love is a friend of justice and fair play, and naturally will be a friend to Northwest

"Also Judge J. W. Crudgington will be present and deliver an address soon this subject. The judge is a member of the legislature from Amarillo and is giving much of his time to the study of this one question. Col. T. J. Tilson, Representaive of Hale County, will also be present and address us and we have invited Senator Johnson from Hall County, and we hope for him to be present and any other member of the legislature from any part of Texas is cordially invited to attend this session.

"Special attention will be given to the Commissioners and they

will be made to feel at home. "I am mailing herewith five copies of the program. Please send one to each of your Commissioners, and urge them to be present, for they owe it to their country to inform themselves upon this W. B. LEWIS.

"Vice President Panhandle Judges Association."
